Summary

I am a Student currently pursuing Bachelors in Computer Science and Engineering. From Robotics to Creating Games on Notepad, I have always been a enthusiastic kid from my School Days.
I have done one of my Project in class 12th that was a library management software using Python and SQL.
I have a hold on C and C++ and I was working more on Problem Solving. I recently started working with Flutter.
I want to have hold on both APP and WEB development. I am currently looking forward to Upskill myself so that I can achieve the career I have been Mapping out.
